A Mentoring Partnership brought to you by
**Big Brothers Big Sisters and
Saginaw Public Schools Foundation**

Ready Aim Promise Mentorship Program

Ready Aim Promise (RAP) Mentorship Program is a partnership between the Saginaw Public Schools Foundation and Big Brothers Big Sisters of Saginaw Bay Area. This partnership was inspired by Saginaw Public Schools Foundation's desire to increase the level of interest in post secondary education. This Mentorship Initiative will provide students within the Saginaw Public School District mentors which will help students improve their social and academic skills in order to gain access to funding for their post secondary education through **the Saginaw Promise Zone**— a critical community initiative designed to raise educational achievement and economic development within the Saginaw community

Saginaw Public School Foundation Mentorship Initiative Mission

The mission of the Saginaw Public Schools Foundation Mentorship Initiative is to help develop successful students with the ultimate goal of creating a cultural norm of students fully pursuing secondary education. We will accomplish our mission by linking students through mentor relationships with caring adults who will:

- Serve as positive role models
- Help develop strong communication and social skills
- Encourage academic successes

Benefits of Mentoring

- Improves attendance
- Improves behavior
- Improves grades
- Improves self-confidence
- Decreases the likelihood of drug or alcohol usage
